

NATALIA TRIGO

Ph.D. Student, Operations and Technology Management
UCLA Anderson School of Management

✉ natiatt@ucla.edu

EDUCATION

- | | |
|-------------|--|
| 2024 – 2029 | Ph.D. in Management — Operations and Technology Management
UCLA Anderson School of Management, University of California, Los Angeles (expected graduation: 2029) |
| 2021 – 2023 | M.Sc. in Operations Management
University of Chile (completed concurrently with the last two years of the engineering degree below) |
| 2015 – 2023 | B.Sc. in Industrial Engineering
University of Chile |

PUBLICATIONS

- | | |
|------|---|
| 2025 | Effectiveness and impact of nirsevimab in Chile during the first season of a national immunisation strategy against RSV (NIRSE-CL): a retrospective observational study <i>The Lancet Infectious Diseases</i> , 25, 1189–1198
with J. P. Torres, D. Sauré, M. Goic, C. Thraves, J. Pacheco, J. Burgos, F. Del Solar, I. Neira, G. Díaz, M. O’Ryan, and L. J. Basso. This study (NIRSE-CL) was awarded first place for the IFORS Prize for OR in Development 2026. |
| 2025 | Optimal sequential stochastic shortest path interdiction <i>European Journal of Operational Research</i> , 326, 641–655
with J. S. Borrero and D. Sauré |
| 2025 | Cost-savings and health impact of strategies for prevention of Respiratory Syncytial Virus with nirsevimab in Chile based on the integrated analysis of 2019–2023 national databases: a retrospective study <i>Journal of Infection and Public Health</i> , 18, 102680
with D. Sauré, M. O’Ryan, J. P. Torres, G. Diaz, M. Goic, C. Thraves, J. Pacheco, P. Aguilera, A. Caro, and L. J. Basso |

HONORS AND AWARDS

- | | |
|-------------|---|
| 2026 | IFORS Prize for OR in Development — 1st Place
Awarded to NIRSE-CL, a study on the effectiveness and impact of nirsevimab against RSV in Chile; announced at the IFORS Conference, Vienna, Austria |
| 2022 – 2023 | National Master’s Scholarship, ANID
Awarded by the National Agency for Research and Development of Chile |
| 2022 – 2023 | Women’s Scholarship
Granted by the Master in Operations Management, Department of Industrial Engineering, University of Chile |

TEACHING EXPERIENCE

- | | | |
|-------------|--|------------------------------------|
| Spring 2026 | Teaching Assistant
MGMT 240F — Global Supply Chain Management | UCLA Anderson School of Management |
| Fall 2025 | Teaching Assistant
MGMTMSA 432 — Health Care Analytics | UCLA Anderson School of Management |
| Fall 2025 | Teaching Assistant
MGMTMSA 412 — Business Analytics Supervised Project | UCLA Anderson School of Management |

Spring 2023	Lecturer Modeling & Optimization (undergraduate)	University of Chile
2022 – 2024	Teaching Assistant Stochastic Processes (graduate level)	University of Chile
Fall 2024	Lecturer Probabilities (undergraduate)	University of Chile
Fall 2023	Lecturer Probabilities (undergraduate)	University of Chile
Spring 2022	Teaching Assistant Probabilities	University of Chile
2019 – 2022	Teaching Assistant Introduction to Operations Research	University of Chile
2017 – 2018	Teaching Assistant Differential Equations	University of Chile

RESEARCH EXPERIENCE

2023 – 2024	Research Assistant Developed statistical and mathematical models to forecast ICU bed demand during the winter respiratory disease season in Chile, on behalf of the Ministry of Health; led data analysis for NIRSE-CL, a national study evaluating the effectiveness and impact of nirsevimab against RSV	Instituto Sistemas Complejos de Ingenieria (ISCI)
2022 – 2025	Research Collaborator Co-developed Thompson Sampling and Bayes-UCB policies for sequential stochastic shortest-path interdiction with Juan S. Borrero and Denis Sauré	University of Chile

PROFESSIONAL EXPERIENCE

1/2021 – 8/2021	Intern Contributed to projects involving Machine Learning, Natural Language Processing, data analysis, and the use of IBM Cloud tools	IBM Chile
1/2022	Intern Conducted data analysis and reporting, and developed prediction models for used car prices in Chile	Autored

CONFERENCE PRESENTATIONS

2022	Latin American Conference in Operations Research (CLAIO) "Stochastic Shortest Path Interdiction Problem"
2023	International Federation of Operational Research Societies (IFORS) "Stochastic Shortest Path Interdiction Problem"
2024	International Workshop on Bilevel Optimization (IWOBIP'24) "Stochastic Shortest Path Interdiction Problem"

SKILLS

Programming:	Python, Julia, R, SQL, HTML, Matlab
Languages:	English – B2, French – B1, Spanish – native
